PRODUCT OVERVIEW

STORAGE SOLUTIONS FOR EVERY CLINICAL SETTING

MODU-CAB systems combine stainless steel and laminated casework with modular configurations purpose-built for operating rooms, sterile processing departments, and demanding clinical environments.

OPERATING ROOMS

STAINLESS STEEL CASEWORK

Sterile-environment cabinets designed for surgical suites.

LAMINATED CASEWORK

Premium laminate finishes for clinical aesthetics.

STERILE PROCESSING DEPARTMENT

ENCLOSED TRAY STORAGE

Glass-door cabinets for secure wrapped-tray management.

PEGBBOARD CABINETS

Adjustable pegboard systems for instrument organization.
